### THANKS TO YOU

Our sponsors, friends and supporters, last Year's Tournament raised \$40,000 bringing our 10 year total to \$308,000.

Skin cancer is the most common cancer in the United States, with millions of cases diagnosed each year. It's also one of the most preventable cancers and highly treatable when found early. More and more people are developing melanoma, the most-serious skin cancer, than ever before. As a 2-time survivor of malignant melanoma, I invite you to join me Monday, April 22nd, at Desert Willow Golf Resort.

*"They have given us the resources to screen close to 1,000 people for skin cancer and melanoma. They have also allowed us to educate and support those diagnosed with melanoma." Further remarking "You save lives. That's what you've done. You are saving lives."* - **Alison Mayer Sachs - Director, Community Outreach & Cancer Support Services, Eisenhower Lucy Curci Cancer Center**
